Silke Harvey is the founder of the Inner Hippy Club and Inner Hippy Books, Senior Level Executive Contributor at Brainz Magazine, Brainz 500 Global 2020 honoree and CREA Global Awards 2022 nominee. Her mission in life is to help strong and amazing women to live their authentic and purposeful lives and to stand up, speak their truth and be heard.

Drawing on her colourful past as an energy healer, Rock'n'Roll bass player, corporate employee and freelance financial translator, she has compiled her wealth of personal and professional knowledge into the Inner Hippy Club to help other women find joy and purpose again.

Inner Hippy Books is a natural extension of the Inner Hippy Club, providing those amazing women who have managed to release and reclaim their Inner Hippy with a platform, a virtual fireside, from which to create a movement of authentic storytelling that will make the world a better place for all women.

Silke is looking for successful female entrepreneurs to share their stories in her debut multi-author book *STRONG AND FREE – Stories of women who are living their dream after breaking up with society's expectations*. Applications are open now.

Silke is also a certified Reiki Master, Reiki Drum and Seichem Level II practitioner, a graduate of the Diploma in Chakra Dancing and Creative Meditation, HAO Diploma in Animal Healing and HAOK9 Massage, and a member of the Healing Animals Organisation.

She lives in the UK with her wonderful husband and rescue dog and splits her time between her cosy home by the coast in North East England and her beautiful country cottage in Bulgaria where she is planning to run retreats.
